

Coffee Shop Sales Analysis

Project Objective

The main objective of this project is to analyze retail sales data and find useful insights that can help improve the performance of the Coffee Shop.

Key Analysis Questions

- How do sales vary by day of the week and hour of the day?
- What are the peak times for sales activity?
- What is the total sales revenue for each month?
- How do sales vary across different store locations?
- What is the average price/order per person?
- Which products are best-selling in terms of quantity and revenue?
- How do sales vary by product category and type?

Recommended Analysis

Use the sales data to identify trends, peak sales periods, location performance, customer order value, and top-performing products.
